

ALIEN investigation

Fast fact

A UFO
- (U)nidentified
(F)lying (O)bject - is
anything that moves
in the sky and can't
be explained.

Did you know?

An
extraterrestrial is
a being or object
assumed to exist
outside the Earth's
atmosphere - it comes
from space or
another planet!

Strange
objects hovering
in the sky, unexplained
blinding lights, and probing
bug-eyed creatures. Are these
mysterious goings-on enough to prove
that we're not alone in the universe? NG Kids
investigates some of the world's spookiest reports
of extraterrestrial encounters...
