# Fluffy lamb pen holder!

It's springtime! So why not get in the mood by creating this cute lamb pen holder?

### Start here!

**1** First, empty the cotton bud container. Then, cover the outside of the container with PVA glue. Use a paintbrush if you need to.

**2** Next, carefully stick the cotton balls to the container. Start at the bottom and glue a row to the top, then repeat until you've covered the whole tub.

**3** Next, take the black felt or foam and cut out two ears (like a capital letter D without the middle cut out). Then make two hooves and a nose.

**4** Almost there! Glue on the wiggly eyes and wait for them to dry.

**5** Finally, glue on the ears, nose and hooves, and your pen holder is ready to use! Why not give it as an Easter gift? Cool!
