

2 of 6: FISH

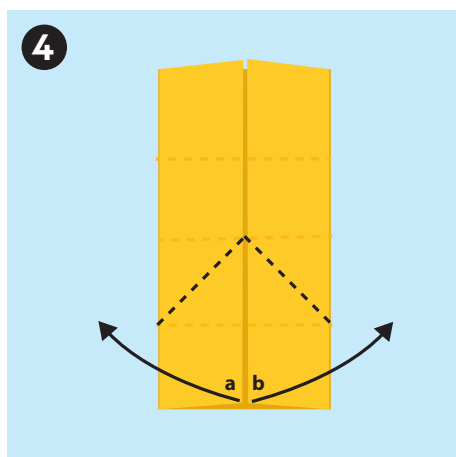

1 Fold your square of paper in half, both ways, and unfold.

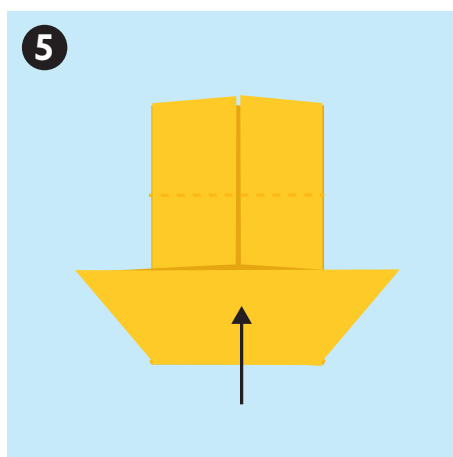

2 Fold the left side and the right side in towards the centre - don't unfold.

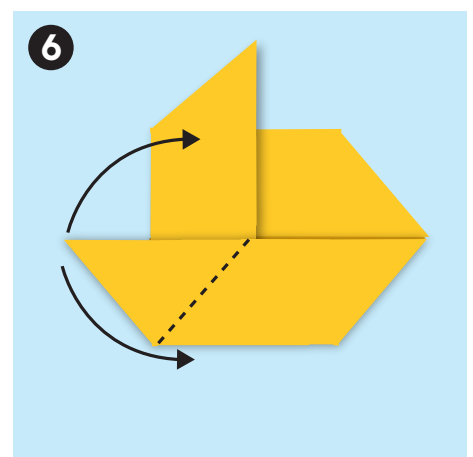

3 Fold the top and bottom edges in towards the centre, and then unfold.

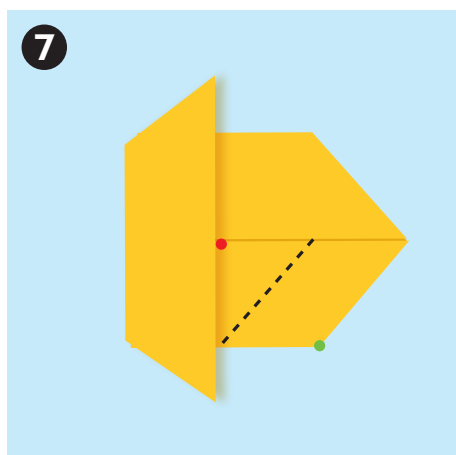

4 Holding the paper down in the centre, pull the central left corner (a) up and out to the side. Do the same with the central right corner (b).

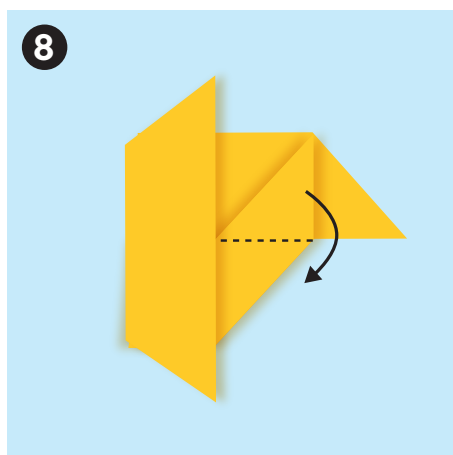

5 Fold up the bottom and squash down. Repeat steps 4 and 5 on the top section.

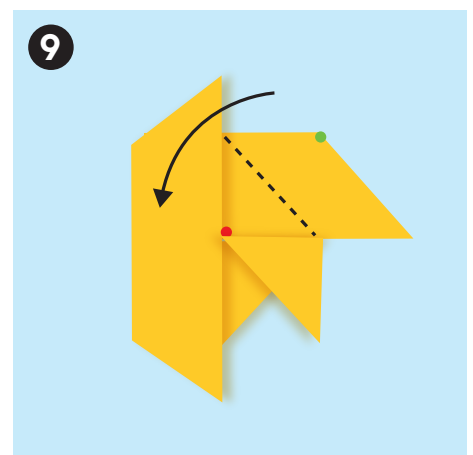

6 Fold the top and bottom left-hand corners - the top section should look as it does in the above image.

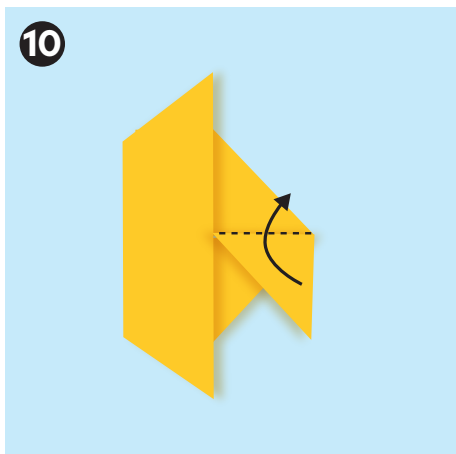

7 Fold the corner with a green dot up to meet the red dot.

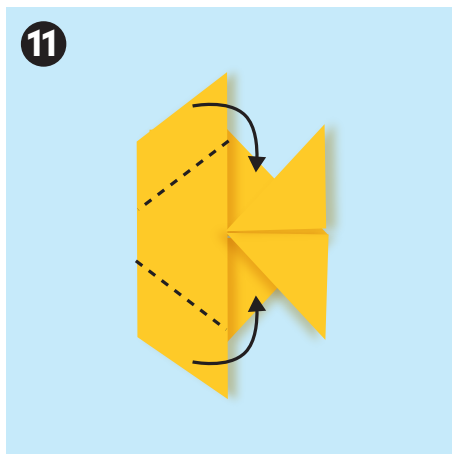

8 Fold the flap down from the centre.

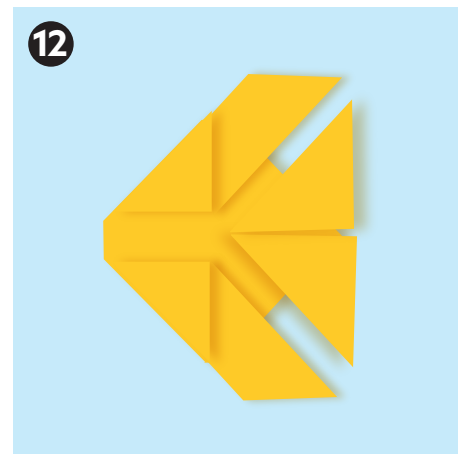

9 Fold the corner with a green dot down to meet the red dot.

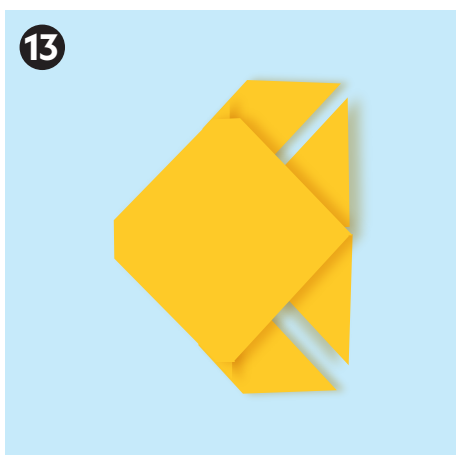

Fold the flap up from the centre.

Fold the top and bottom corners to the right as shown.

The model should look like this...

Turn the model over, and you have a fish!
