## 5. Cookies

---

### 5.1 Technical or functional cookies

Some cookies ensure that certain parts of the website work properly and that your user preferences remain known. By placing functional cookies, we make it easier for you to visit our website. This way, you do not need to repeatedly enter the same information when visiting our website and, for example, the items remain in your shopping cart until you have paid. We may place these cookies without your consent.

## 5.2 Statistics cookies

We use statistics cookies to optimize the website experience for our users. With these statistics cookies we get insights in the usage of our website. We ask your permission to place statistics cookies.

## 5.3 Advertising cookies

On this website we use advertising cookies, enabling us to personalize the advertisements for you, and we (and third parties) gain insights into the campaign results. This happens based on a profile we create based on your click and surfing on and outside <https://www.natgeokids.com>. With these cookies you, as website visitor are linked to a unique ID, so you do not see the same ad more than once for example.

Because these cookies are marked as tracking cookies, we ask your permission to place these.

## 5.4 Marketing/Tracking cookies

Marketing/Tracking cookies are cookies or any other form of local storage, used to create user profiles to display advertising or to track the user on this website or across several websites for similar marketing purposes.

## 5.5 Social media buttons

On our website we have included buttons for Facebook to promote webpages (e.g. “like”, “pin”) or share (e.g. “tweet”) on social networks like Facebook. These buttons work using pieces of code coming from Facebook themselves. This code places cookies. These social media buttons also can store and process certain information, so a personalized advertisement can be shown to you.

Please read the privacy statement of these social networks (which can change regularly) to read what they do with your (personal) data which they process using these cookies. The data that is retrieved is anonymized as much as possible. Facebook is located in the United States.
